

How to Install Respondus Lockdown Browser on a Chromebook

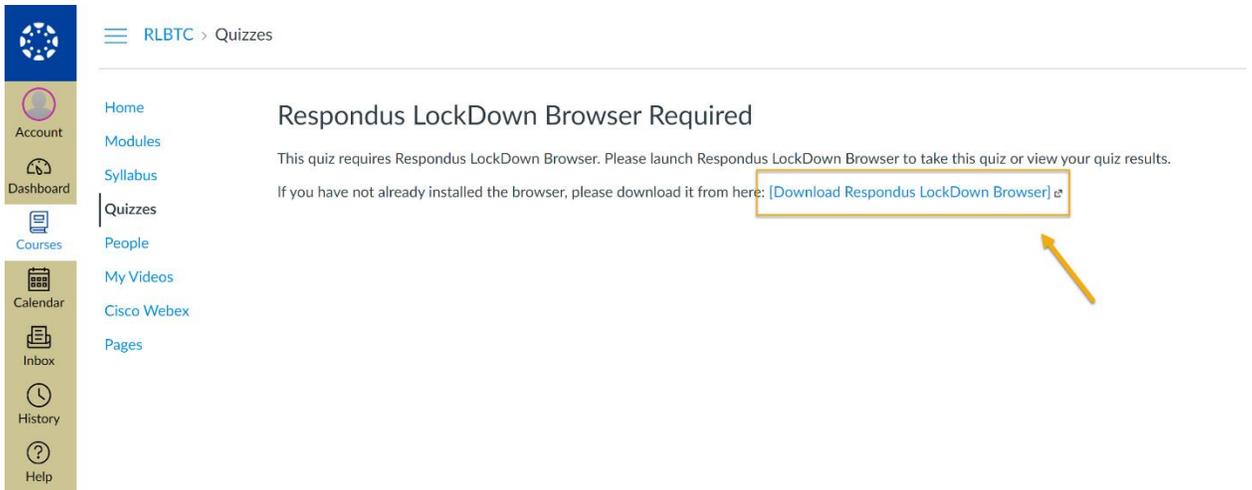

1. Log-in on your Chromebook under a user account
 - *You cannot log-in as a guest
2. Start Google Chrome
3. Log into Canvas and navigate to the course that requires Lockdown Browser
4. Locate the quiz/exam requiring Lockdown Browser and click on it

The screenshot shows the Canvas interface for a course titled "Respondus Lockdown Browser Testing Course". The breadcrumb trail is "RLBTC > Syllabus". The left sidebar contains navigation options: Account, Dashboard, Courses, Calendar, Inbox, History, and Help. The main content area displays a "Course Summary" table with columns for "Date" and "Details". The table lists two items: "Module 1 Exam - Requires Respondus LockDown Browser + Webcam" and "Testing Quiz- Requires Respondus LockDown Browser". A yellow box highlights the "Testing Quiz" entry, with a yellow arrow pointing to it. On the right side, there are buttons for "View Course Stream", "View Course Calendar", and "View Course Notifications". Below these is a "To Do" section with a calendar for January 2021 showing dates 1 through 31. A note at the bottom right states "Course assignments are not weighted."

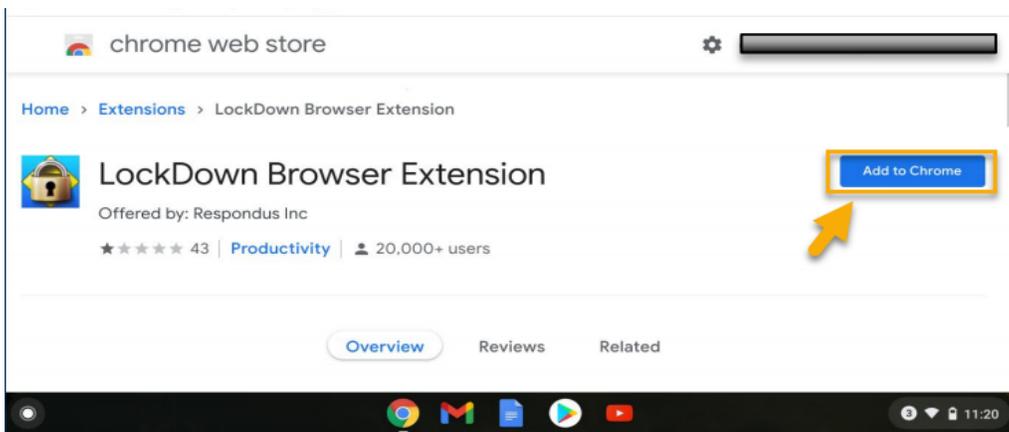

5. Next, click "Take the Quiz"

The screenshot shows the Canvas interface for a specific quiz titled "Testing Quiz- Requires Respondus LockDown Browser". The breadcrumb trail is "RLBTC > Quizzes > Testing Quiz- Requires Respondus LockDown Browser". The left sidebar is the same as in the previous screenshot. The main content area displays the quiz details: "Due No due date", "Points 2", "Questions 2", and "Time Limit None". Below this, it says "Requires Respondus LockDown Browser". A blue button labeled "Take the Quiz" is highlighted with a yellow box and a yellow arrow pointing to it.

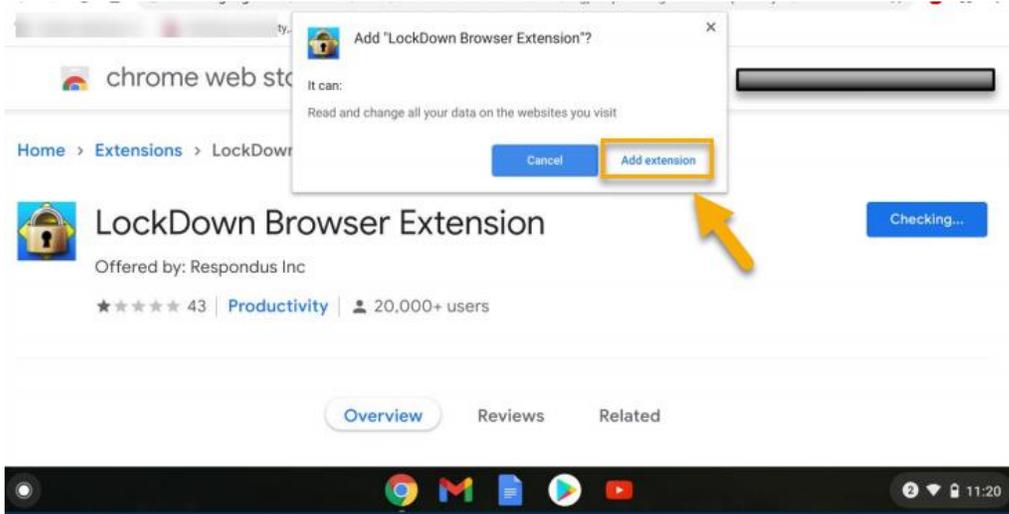

6. Select the link for downloading and installing Lockdown Browser

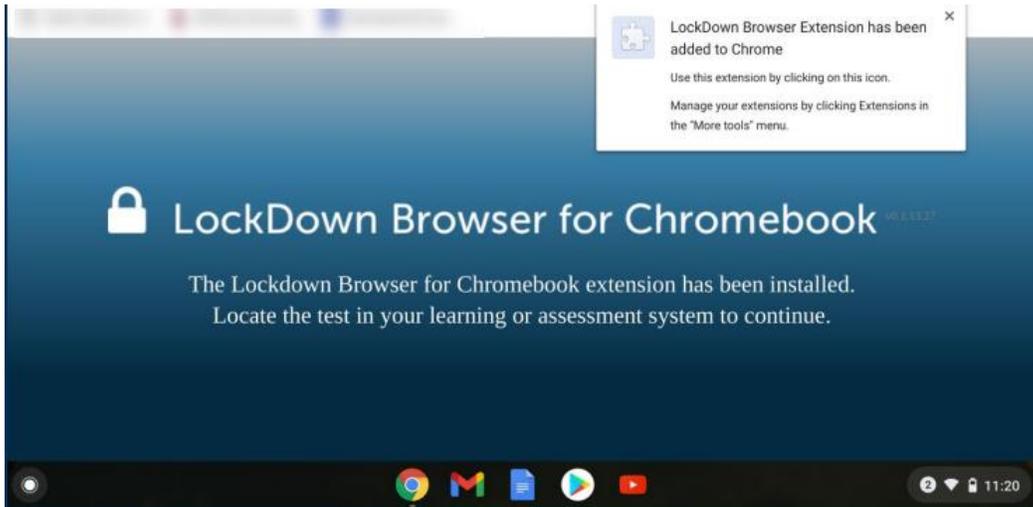

- The link will direct you to the Chrome Web Store. From the Chrome Web Store, select “Add to Chrome” to install the Lockdown Browser extension
 - *In order to download the extension, you must be signed in under a Google account

- When you click on “add to Chrome,” a pop up box will ask you to add extension

9. Once you “add extension” you will see a screen that confirms that the Lockdown Browser extension has been installed

10. After installation, go back to your Canvas dashboard and repeat steps 1-5 to take the quiz/exam using Lockdown Browser
